

HEALTH CARE EXPERTS ON YOUR SIDE

If dealing with medical care and insurance has you feeling lost, let us get you found. The Kairos Clinical Advocacy Program's in-house nurses can help you with:

- Understanding your medical conditions, treatments, medications, etc.
- Looking for lower cost treatment and care.
- Getting the proper prior authorizations in place.
- Scheduling doctor's appointments and follow-ups.
- Connecting you to community resources.
- Ensuring you have the resources and care you need after being discharged from the hospital.

The list goes on and on! We've already helped hundreds of Kairos participants. Here's what one of them had to say:

"I'm blown away with how much follow-through and help you've provided. Thank you so much!"

Whatever the issue is, let our clinical team be your "inside expert." You're not going to get this help anywhere else. (And of course it's free!)
